BRADFORD GUN CLUB 2021 WINTER NEWS/DUES LETTER

Best wishes to all my Fellow Club Members !

As I am sure everyone is aware, 2020 was a year filled with changes, surprises and disappointments due to the COVID-19 virus pandemic. Fortunately, the Club activities are conducted outdoors which allowed us to continue to operate, albeit with some differences. We only had to cancel the Good Friday ATA registered trap shoot, but the other registered shoots were held as planned. We typically had good attendance at the events, but I am sure that health concerns kept many shooters from attending our events.

An important occurrence in 2020 was the formation of the Bradford Youth Trap Team. The strong support of coaches, families and friends allowed this newly created team to compete at the PA State Shoot in Elysburg, PA as well as the SCTP shoot in Ohio. The kids did very well and won many team and individual awards. An aggressive youth schedule is being planned for 2021 including a large Tri-State event to be held at BGC on June 5 & 6.

Attached is a schedule of the larger events to be held at BGC in 2021. The newly created 10 week Winter Sporting Clays League will start on Sunday, January 10 at BGC. In this League, members of BGC and Fox Township Sportsmen's Club will compete weekly with shooting venues alternating between the two Clubs. The club remains open on a year round basis on Wednesdays from 4 to 8 PM and Sundays from 10 AM to 3 PM.

Attached is an application that Annual Members should use to submit their 2021 dues. There will be no specials assessment in 2021. Also attached is the list of Dues and Target Fees effective January 1, 2021. The only increase in the fees was to raise junior member target fees by \$1.00, such as from \$3.00 to \$4.00 per round of trap or skeet.

Hopefully with the implementation of effective vaccines we can put the pandemic behind us and get back to a normal life style. I look forward to seeing you soon at the Club!!

Best Regards,

Mike Schuler, President
